Lieber Bruno

Norbert, unser Leiter vom Missions- und Verteilzentrum in Ungarn, hat uns Folgendes geschrieben:

In the last transport there were shoebox packages you said to distribute as Easter present. In Hungary there is a small village called Tiszanána where many Gypsy families are living. At Christmas we had not enough boxes to bring to the local Church where they wanted to distribute it to poor families/kids.

When I called them with the good news that the kids can get an Easter package they were as happy as it was Christmas. I transported the boxes to the church where they were waiting for me, but since the COVID 19 virus they couldn't gather in the church. There was a limit of 10 kids in a place, so I photographed some of them.

So genial, dass Ihr den Kindern eine solche Überraschung und Freude bereiten konntet :-)) Gerade auch, weil sie an Weihnachten leer ausgingen.

Ganz herzlichen Dank an alle Beteiligten!!!

Sonnigen Gruss
Manuela
